

# Engraving Policy/Waiver For Personal Items

Please READ before leaving any personal properties

We cannot / will not be responsible for any items brought in for personalization.

As we do not know the composition of your item, we will not know if it is engrave-able until it is tested.

While quality and customer service is our priority, if we find we cannot do an acceptable job according to our standards, your item will be returned to you in the state it is left after our attempt and we will not be liable for replacement of your item if engraving is not successful.

You may be charged a setup fee even if we return your un-engraved item.

You will need to agree to this waiver by signature and/or written acknowledgement (email, fax) prior to leaving your items with us.

Thank you!
